Think You're Gonna Like It

SWV

Think you're gonna like it
(Think you're gonna like it)
Sure you're gonna like it
(Sure you're gonna like it, boy)
Think you're gonna like it
(Think you're gonna like it)
Sure you're gonna like it
(Sure you're gonna like it, boy)Walked in a crowded room
I saw no one else but you
I got something on my mind
Come real close and you will findWhat's going on?
Let's do this right
Make love tonight
I got something that I think you'll likeThink you're gonna like it
(Think you're gonna like it)
Sure you're gonna like it
(Sure you're gonna like it, boy)
Think you're gonna like it
(Think you're gonna like it)
Sure you're gonna like it
(Sure you're gonna like it, boy)Boy, any part of me
Is a vesicle of life
I can't find the words to say that
You are so fineSo, tell me what's going on?
Let's do this right
Make love tonight
I got something that I think you'll likeThink you're gonna like it
(Think you're gonna like it)
Sure you're gonna like it
(Sure you're gonna like it, boy)
Think you're gonna like it
(Think you're gonna like it)
Sure you're gonna like it
(Sure you're gonna like it, boy)Think you're gonna like it
(Think you're gonna like it)
Sure you're gonna like it
(Sure you're gonna like it, boy)
Think you're gonna like it
(Think you're gonna like it)

Sure you're gonna like it
(Sure you're gonna like it, boy)Think you're gonna like it
(Think you're gonna like it)
