

Don't Give Up On Me

MercyMe

Will You find me no matter where I am
Will You forgive time and time again
I feel like a child wondering
It's hard to believe, to comprehend
That You would love me in the state I'm in

When I'm falling
When I'm falling down
When it's all stripped away
When my world comes crashing
Crashing down
Will You still be with me

Who am I You'd even say my name
Within the same the same breath as grace
You cross every bridge I have burned
You reach for me when it's undeserved

When I'm falling
When I'm falling down
When it's all stripped away
When my world comes crashing
Crashing down
Will You still be with me

Oh don't give up on me
Oh don't give up on me

Be still I'll never leave you
When you're far I am near
My grace will always be greater
Than the sum of all your fears

Be still I'll never leave you
When you're far I am near
My grace will always be greater
Than the sum of all your fears

When I'm falling
When I'm falling down

When itâ€™s all stripped away
When my world comes crashing
Crashing down
Will You still be with me

Oh donâ€™t give up on me (donâ€™t give up, donâ€™t give up on me)
Oh donâ€™t give up on me (donâ€™t give up, donâ€™t give up on me)
When Iâ€™m falling down (donâ€™t give up, donâ€™t give up on me)
You donâ€™t give up, donâ€™t give up on me
