

Eye of The Storm

Blindside

I think I've stayed for the last time, goodbye
Now hope is so much closer to beauty than sorrow
I think I'll leave and leave self pity to die
Reflection is always brighter than shadow Please come closer
Cause I don't even touch you anymore
Please see I'm walking into the eye of the storm
And I'll still come out loving you even more Love is in the air tonight
So just breathe You made sure the atmosphere was thick tonight
So this is where it begins and where it ends
There's a crack in a dark sky piercing light Please come closer
Cause my heart doesn't touch yours anymore
Please see I'm walking into the eye of the storm
And I'll still come out loving you even more Love is in the air tonight so just breathe
(Breathe my spirit breathe)
Love is in the air tonight so just breathe
(Breathe my spirit breathe) Leave, leave now and don't look back
Leave, leave now and don't you look back Please come closer
Cause I don't even touch you anymore
Please see I'm walking into the eye of the storm
And I'll still come out loving you even more Please come closer
Cause my heart doesn't touch yours anymore
Please see I'm walking into the eye of the storm
And I'll still come out loving you even more
