

Arizona Sky (Full Length mix)

China Crisis

The arizona sky
The sky is bigger there
It took my breath away
That doesn't happen every day
Manhattan's music, man
On every avenue
You've heard no greater sound
Too much can get you down
Decorate, paint it for the union
No reson to give up on the illusion
Take confident possession of yourself
No reson to give up on the illusion
Venice is sinking fast
Looks almost upside down
Under a spell we fell
There's more, too much to tell
Decorate, paint it for the union
No reson to give up on the illusion
Take confident possession of yourself
No reson to give up on the illusion
Uptown in (?)
Beneath chicago moon
Spend every dollar saved
As much as we have made
