# It's Chemical (Ladyhawke Rmx)

## Uh Huh Her

I gave you good love
I gave you memories
You can convert that to whatever you would like to see
I had a full heart
I had memories
Multiple, multiple personality
We're chemical dancing
Colors colliding
We're chemical dancing
Halfway to the beat
We're chemical dancing
Colors colliding
We're chemical dancing
Want you to turn on the light
Turn it on so I can see you (2x)
Oh you terrorize me, terrorize me tonight
Want you to turn on the light
Turn it on so I can see you
Can you feel my heart beat
Motor in the flesh
I got this feeling
Chemical unrest
Never seen this coming my way
Never my plot
I don't know but I'm falling apart
We're chemical dancing
We're chemical dancers
Halfway to the light
We're chemical dancing
Colors collide
We're chemical dancing
Halfway to the light
Turn on the light
Turn it up so I can see your face
Turn up the light
Terrorize, Terrorize, Terrorize Me
