Congregation Of The Damned

Atreyu

I'm gonna give this monster life
I may not have the pieces
I'll keep on going through the night
To see you all left screaming
Face to face
The congregation of the damned
Face to face
Screaming while we can
I get carried away, lost in a moment
Torn into pieces of violent display
I tear it away, lost in a moment
Searching for answers, I'm lost in the fray
This life's a case of do or die
Sometimes I need no reason
To lose myself in you tonight
Right now's the darker season
Face to face
The congregation of the damned
Face to face
Screaming while we can
I get carried away, lost in a moment
Torn into pieces of violent display
I tear it away, lost in a moment
Searching for answers, I'm lost in the fray
The congregation of the damned
The congregation of the damned
Face to face
The congregation of the damned
Face to face
We're all screaming while we can
I get carried away, lost in a moment
Torn into pieces of violent display
I tear it away, lost in a moment
Searching for answers, I'm lost in the fray
I tear it away, lost in a moment
Searching for answers, I'm lost in the fray
I get carried away, lost in a moment
Torn into pieces of violent display
I tear it away, lost in a moment

Searching for answers, I'm lost in the fray
