

# Ain't No Answers

## One Way System

Nothing you can say  
Is gonna work out right  
Nothing you say  
Will make me go to fight  
Nothing you say  
Is the gospel truth  
Nothing you say  
Will ever help the truth  
There ain't no answers to our problem  
no solution can't you see  
there ain't no answers to your problem  
leave us leave us let us be  
one more day you join the longer queue  
the futures bleak for people like you  
everyday there's fuck all to do  
nothing you say  
is gonna work out right  
nothing you say  
is ever gonna come true  
all you say  
is never new  
everyday  
till the end of you
