

Praise Abort (Clemens Wijers Remix)

Lindemann

[Intro]

I like to fuck, but no French letter
Without a condom, the sex is better
But every time I get it in
A baby cries and sometimes twins[Verse 1]
I have six kids and I don't like it
They eat too much and treat me like shit
They only wear Posh label clothes
I give them one hand, they bite off both
And all my friends, they have big cars
Big mansions, too, and smoke the fine cigars
They have deep pockets, I don't know why
I look at my purse and start to cry
Why?[Chorus]
I hate my life, and I hate you
I hate my wife, and her boyfriend, too
I hate to hate, and I hate that
I hate my life so very bad
I hate my kids, never thought
That I'd praise abort
Praise abort[Verse 2]
I like to fuck, but no French letter
Cause without kids, life is so much better
So in the end, I got forced
To stay away from female intercourse[Chorus]
I hate my life, and I hate you
I hate my wife, and her boyfriend, too
I hate to hate, and I hate that
I hate my life so very bad
I hate my kids, never thought
That I'd praise abort
Praise abort[Break]
Say goodbye, say goodbye
We rise up, up to the sky
Say goodbye, we'll come back
Soon as pretty butterflies
Make you cry[Chrous/Outro]
I hate my life, and I hate you
I hate my wife, and my boyfriend, too

I hate to hate, and I hate that
I hate myself so very bad
I hate my offspring, never thought
That I'd praise abort
I praise abort
