# Strike It Up (Trainapella)

## Black Box

Strike it up, this band is gonna play my tune
Strike it up, I wanna I wanna tell you so
Strike it up, nobody's gonna stop my sound
Strike it up, you know how lonely one can feelIf I have the line and you have the bass
Then strike it up and you'll find the rhythm's on time
Line after line, going straight to your mind
'Cause hyping the place is what we're all aboutMoving your waist to the bass is no doubt
Roll up the groove, melody is essential
Drop the knowledge on this instrumental
Dance your doubts about house musicYou've got the body so why don't you use it?
Naturally swinging your thing to the song
'Cause that's how we pump the dance floor for the strongWaiting on my feelings, yeah, yeah
Waiting on my feelings, feelings
Waiting on my feelings, yeah, yeah
Waiting on my feelings, feelingsStrike it up, your hand is taping on my skin
Strike it up, and keep me and keep me standing on
Strike it up, you nobody's gonna let you down
Strike it up, you know how lovely one can beIf I have the line and you have the bass
Then strike it up and you'll find the rhythm's on time
Line after line, going straight to your mind
'Cause hyping the place is what we're all aboutMoving your waist to the bass is no doubt
Roll up the groove, melody is essential
Drop the knowledge on this instrumental
Dance your doubts about house musicYou've got the body so why don't you use it?
Naturally swinging your thing to the song
'Cause that's how we pump the dance floor for the strongWaiting on my feelings, yeah, yeah
Waiting on my feelings, feelings
Waiting on my feelings, yeah, yeah
Waiting on my feelings, feelingsStrike it up
Strike it up
