Our Christmas Prayer

Plus One

The snow is falling as I make my way back home
I feel so grateful I have somewhere I can go
But in troubled times like these with all the ones I need
It's Christmas time so Jesus I'm before You on my kneesWe pray for joy, we pray for peace
From the west unto the east
And that every man
May find someone to loveWe pray for strength, we pray for life
And on this holiest of nights
Deliver hope where there's despair
Jesus, hear our Christmas prayerI pray that I become what You would have me be
That I would give as much as You have given me
In a world that's torn apart, heal the hatred in our hearts
It's Christmas time and there's no better time for us to startWe pray for joy, we pray for peace
From the west unto the east
And that every man
May find someone to loveWe pray for strength, we pray for life
And on this holiest of nights
Deliver hope where there's despair
Jesus, hear our Christmas prayerMerry Christmas, Merry Christmas
Lord hear our prayerWe pray for joy, we pray for peace
From the west unto the east
And that every man
May find someone to loveWe pray for strength, we pray for life
And on this holiest of nights
Deliver hope where there's despair
[Incomprehensible]
And Merry Christmas everywhere
Jesus, hear our Christmas prayer
