Pills I Swallow

The Twilight Sad

It started on that night
I never left your side,
Oh have you known
Always ends up in a fightSo careless, that's you
That's you
And it's always you
You're telling me what not to do
So careless
Oh why her?
You want only eyes to find her
Oh why her?
You want only eyes to find herWon't you let me vanish now?
Won't you let me vanish now?Now keep you on my side
I never won a fight
Oh have you known?
With you eyes are all uptightSo careless, that's you
That's you
And it's always you
You're telling me what not to do
So careless
Oh why her?
You want only eyes to find her
Oh why her?
You want only eyes to find herWon't you let me vanish now?
Won't you let me vanish now?
