The Valley

Duran Duran

These are days of hit and run in the stream with everyone
Is a moments of our lives
On a wandering river, going on together
Many journeys to arrive
I've been walking through the valley
Through the tall grass and the shadows
And I feel it, I can see it
Yes, I need it, I believe it
Through the city and the towers
Turning minutes into hours
And I feel it, I can see it
Yes, I need it, I believe it
When I think I'm being strong and I lose direction
Then the life starts looking mischievous
Finding revelation out of desperation
Always stretching time but it's never long enough
You think you're happy, think you're free
But maybe we're just comfortably dizzy

But I'm running through the valley
Through the tall grass and the shadows
And I feel it, I can see it
Yes, I need it, I believe it
Through the city and the towers
Turning minutes into hours
And I feel it, I can see it
Yes, I need it, I believe it
But I'm running through the valley
Through the tall grass and the shadows
And I feel it, I can see it
Yes, I need it, I believe it
Through the city and the towers
Turning minutes into hours
And I feel it, I can see it
Yes, I need it, I believe it
