

# Darkest Blue

## Lostprophets

I can see  
Into this abyss  
There is no stopping myself  
From feeling this And I think it's coming through  
The air it torments me  
I try to move that dial  
And change this frequency Everywhere that I go  
Misery will follow  
And it won't let me go  
And it won't let go I keep fading into you  
Drowning in your darkest blue  
The sorrow pulls me down  
I'm weightless without sound  
I still hear them calling There's no hope  
There's no hope for me  
'Cause I can't silence the sound  
They keep calling me Everywhere that I go  
Misery will follow  
And it won't let me go  
And it won't let go I keep fading into you  
Drowning in your darkest blue  
The sorrow pulls me down  
I'm weightless without sound  
I still hear them calling I still hear them calling Everywhere that I go  
Misery will follow  
And it won't let me go  
And it won't let go  
And it won't let go I keep fading into you  
Drowning in your darkest blue  
The sorrow pulls me down  
I'm weightless without sound  
I still hear them calling I still hear them calling  
I still hear them calling  
I still hear them calling
