

# Zombie Graveyard Rape Bonanza

## Gorerotted

The Casket lid ripped open  
A festering, rotten corpse  
The stench of putrefaction  
Just makes me thirst for more

Pustulous blisters bursting  
Hair comes out in my hands  
The blackened skin peels easy  
Fluid oozes from my gians

The Casket lid ripped open  
A festering, rotten corpse  
The stench of putrefaction  
Just makes me thirst for more

Maggots munching near my dick  
Makes me cum, makes me sick

Wretching  
Gagging  
Heaving  
Chucking

I'm a monster  
Yeah you know what I mean  
'cause I fuck dead girls in the graveyard  
In the graveyard  
In the graveyard, yeah  
I rape their little tush in the graveyard

Dripping Sebum  
Oozing Pus  
Smearing semen  
Frobidden lus
