

# Invisible

Hunter Hayes

Crowded hallways are the loneliest places for outcasts and rebels  
Or anyone who just dares to be different  
And you've been trying for so long to find out where your place is  
But in their narrow minds, there's no room for anyone who dares to do something different  
Oh, but listen for a minute Trust the one who's been where you are wishing all it was but sticks and stones  
Those words cut deep but they don't mean you're all alone  
You're not invisible  
Hear me out, there's so much more to life than what you're feeling now  
Someday you'll look back on all these days and all this pain is gonna be  
Invisible  
Oh, invisible So your confidence is quiet  
To them quiet looks like weakness but you don't have to fight it  
Cause you're strong enough to win without the war  
Every heart has a rhythm, let yours beat out so loudly  
That everyone can hear it, yeah, promise you don't need to hide it anymore  
Oh, and never be afraid of doing something different  
Dare to be something more Trust the one who's been where you are wishing all it was but sticks and stones  
Those words cut deep but they don't mean you're all alone  
You're not invisible  
Hear me out, there's so much more to this life than what you're feeling now  
Someday you'll look back on all these days and all this pain is gonna be  
Invisible  
Oh, invisible These labels that they give you just 'cause they don't understand  
If you look past this moment, you'll see you've got a friend  
Waving a flag, for who you are, and all you're gonna do  
Yeah, so here's to you and here's to anyone who's ever felt invisible Yeah  
You're not invisible  
Hear me out, there's so much more to life than what you're feeling now  
Yeah, someday you'll look back on all these days and all this pain is gonna be  
Invisible  
It'll be invisible
