

# My Love (Prince Fox Remix)

## Route 94

There's nothing more that I would have that I could need  
'Cause having this means that I've got it all  
When I was taking turns and you were wrong for me  
You chose to understand and let it go And oh, you've turned this black heart, made it into gold  
So I wanna let you know that  
My love and my touch, up above is made with the warmth of my  
My love and my touch, up above is made with the warmth of my love  
Oh, love Control is such an open-ended word for me  
Something that I used to think I owned  
I'm standing here with none, I'm feeling so complete  
You helped me understand to let it go And oh, you've turned this black heart made it into gold  
So I wanna let you know that My love and my touch, up above is made with the warmth of my  
My love and my touch, up above is made with the warmth of my  
My love and my touch, up above is made with the warmth of my  
My love and my touch, up above is made with the warmth of my love Stay close to me, love  
Stay close to me, yeah, love  
Stay close to me, love My love and my touch, up above is made with the warmth of my  
My love and my touch, up above is made with the warmth of my  
My love and my touch, up above is made with the warmth of my  
My love and my touch, up above is made with the warmth of my love
