

# They Don't Want Music

## Black Eyed Peas

They don't want music, they don't know how to use it  
All they want is (a boom, boom, boom, boom)Hey y'all, John Coltrane yeah he plays the sax  
Me, myself I love to max  
Up in the studio laying tracks  
Burn it on the CD, melt the wax  
And now I'm feeling fine  
Coz daily music's on my mind  
And I feel mellow  
When I watch the girl play the cello  
Hello to all my fellow peers in here for the quality  
Music quality, yeah  
That'll be the focus in the top pick of the day  
So pass the peas like we used to say  
Pass the beats like they used to say  
Pass the phunk like they used to say  
That's my joint like we used to say  
Syncopation the true school wayI don't know what you came to do  
I came to drop the funk on you  
Depends on that sonic sound  
But you know what?  
They don't want music [x2]  
They just want (a boom, boom, boom boom boom [x2])  
They don't want music, they don't know how to use it  
They don't want music [x2]  
They don't want music, they don't know how to use it  
The good back horn  
They don't want music, they don't know how to use it  
All they want is (a boom, boom, boom, boom, boom boom boom)Ooh, la la aw wee wee  
Nowadays music is all about fee  
The soul is caged no bits now free  
Unless the rhyme was rocked by me  
I got the balls to bang (baw ba-ba-baw, ba-ba-baw, ba-baw bang)  
Yeah, steady, just doing my thang (steady, just steady, just doing my own thang)  
I just do it (ha!)  
I just do it you know  
My momma said to do what you know  
So I'ma do what I know  
James Brown gave me the fluid  
That means a baby could do it

The Peas will do it so Do it, do it, do it  
Get up on the stage and release my fluid  
Do my thing, do it through the music  
Funkafied and therapeutic I don't know what you came to do  
I came to drop the funk on you  
Depends on that sonic sound  
But you know what?  
They don't want music [x2]  
They just want (a boom, boom, boom boom boom [x2])  
They don't want music, they don't know how to use it  
They don't want music [x2]  
They don't want music, they don't know how to use it  
The good back horn  
They don't want music, they don't know how to use it  
All they want is (a boom, boom, boom, boom, boom boom boom) Wait a minute!  
You got to rock with the funk (if you wanna have a good time) [x2]  
You got to roll with the funk (if you wanna have a good time) [x2]  
You got to roll with the funk (if you wanna be sweet and fine, hey! Hey! Hey!)  
Rock with the punk (if you gonna have a good time)  
You got to roll with the funk (if you wanna have a good time)  
A woman that'll funk your horn now (gimme that funky horn!)  
Play that funky horn now (gimme that funky horn)  
Gimme that funky horn now (gimme that funky horn)  
Hey! Hey! Hey! You got to rock with the funk (if you wanna have a good time)  
You've got to roll with the funk (if you wanna have a good time)  
You got to dance with the funk (if you wanna be sweet and fine)  
I said I like to dance with the funk (if you wanna be sweet and fine)  
You've got to shake with the funk (if you wanna have a good time)  
Shaking shaking shaking with the funk (if you wanna have a good time) Gimme that funky horn (gimme that  
funky horn)  
I need that funky horn (I need that funky horn)  
Play that funky horn now (gimme that funky horn)  
A break down, a break down, a break, get down Dance everybody move your body through the music  
Get it started, get into it  
Come on everybody do it  
You've got to dance through the music  
People doing what you're doing  
People grooving with the music  
You've got to roll with the funk Roll with your funk (if you're wanna have a good time)  
R-O-double-L keep rolling with the funk (if you're wanna have a good time)  
And roll! To a funky place  
I'm rolling (where?)  
To a to a to a funky funky place  
I'm rolling! To a funky place  
I'll be there, I'll be there, I'll be there, I'll be there...

It's funky, funk, funk, funk funky...
