

# Claremont Road

## Pavement Saints

When did I make those mistakes?  
You kicked me out your driveway  
I went to realise my home  
Was that place from long ago, oh yes

Claremont Road, the place  
Left me hanging dry and high again  
That old home I used to know

Claremont Road, back to the old house  
Claremont Road, its the place i used to know  
Claremont Road, not so long ago

Took a second to change my mind  
Hazy memory, lost to time  
Paperwork, the simple things  
Made this house so unique to me, you know

Claremont Road, yes that's all i know  
Claremont Road, it's all i've ever known  
Claremont Road

Claremont road, the place  
Left me hanging high and dry again  
That old home I used to know
