

# I Speak Hate

## Cavalera Conspiracy

I'm hurricane  
I've been betrayed  
Locked in a cage  
And now I speak hate...  
It was murder  
Done by the orders  
Blame on me  
And now I learn to hate...  
I was a prize fighter  
I hit them harder  
But this is war  
And now I speak hate...  
Fighting for my pride  
Fighting for my life  
Fighting to survive  
And now I speak hate...  
Hatred, killing  
Killing the hate, killing the hate...  
Hatred, killing  
Killing the hate, killing the hate...  
I speak hate? do you understand? I speak hate  
I speak hate? do you understand? I speak hate  
I speak hate? can't you understand? I speak hate  
I speak hate? can't you understand? I speak hate  
When I was in prison  
I refused to be  
Treated like an animal  
And now I speak hate  
In solitary  
They throw my body  
Total solitude  
And now I speak hate...  
I am a monster  
Rejected by the world  
A menace to society  
And now I speak hate...  
Fighting for my pride  
Fighting for my life  
Fighting to survive

And now I speak hate...  
Hatred, killing  
Killing the hate, killing the hate...  
Hatred, killing  
Killing the hate, killing the hate...  
I speak hate? do you understand? I speak hate  
I speak hate? do you understand? I speak hate  
I speak hate? can't you understand? I speak hate  
I speak hate? can't you understand? I speak hate  
I speak the language of hate  
You won't misunderstand me  
I speak the language of hate  
I'll make you understand me...  
Speak... Hate...
