

# You Are A Child Of Mine

Mark Schultz

I've been hearing voices tellin' me that I could  
Never be what I wanna be  
They're binding me with lies, hauntin' me at night  
And say there's nothing to believe  
Somewhere in the quietness  
When I'm overcome with loneliness  
I hear You call my name  
Like a father, You are near  
And as I listen, I can hear You say  
"You are a child of mine  
Born of my own design  
And you bear the heart of a life"  
'No matter where you go  
Oh, you will always know  
You made me free in Christ  
You are a child of mine"  
So I listen as You tell me who I am  
And who it is, I'm gonna be  
And I hang on every word  
Knowin' I have heard  
I am Yours and I am free  
When I am alone at night  
That is when I hear the lie  
You'll never be enough  
Though I'm given in the fear  
If I listen I can hear You say  
"You are a child of mine  
Born of my own design  
And you bear the heart of a life"

"No matter where you go  
Oh, you will always know  
You have made me free in Christ  
You are a child of mine"

I am calling  
I am calling  
I am calling  
I am calling  
I am calling

I am calling  
"You are a child of mine  
Born of my own design  
And you bear the heart of a life"

"No matter where you go  
Oh, you will always know  
You made me free in Christ  
You are a child of mine"

I am calling

I am calling

I am calling

I am calling

I am calling

I am calling

"No matter where you go  
Oh, you will always know  
You made me free in Christ  
You are a child of mine"
