

# Hypnotic Mind

## JEFF the Brotherhood

We stay up late  
And we cant wait  
To hear from you  
Something to do I got my cape  
My box of tapes  
I feel so right  
Hypnotic night And when we all left your house  
That night  
They got in a fight We had to give them all a ride  
I hope that everyone is alright  
It's Monday night  
Were out of time  
You're in the car  
Making out Where can we go  
What can we do  
I feel so right  
Hypnotic night And when we all left your house  
That night  
They got in a fight We had to give them a ride  
I hope that everyone is alright
