Golden Sun

Fenech-Soler

All I ever see, we never get a break
We've been working for days
I feel the heat burning down my back
Blood sweat and tears, will you testify to that?I feel the heat you give baby
I never want to say farewell, oh
Our passions will rise when the kingdom it fallsNothing lives for long, I'm shackled at the feet
I've been working as your slave
Try hold me down and you move and wake the beast
I'm on top girl, as I never miss a beatI feel the heat you give baby
I never want to say farewell, oh
Our passions will rise when the kingdom it fallsYou're my golden sun
Take my hand and rule the world
Across this desert girlGiving all I've got, when there's nothing left to give
I'll be fighting till the end
Raise your flag girl, don't let it drop
Dark nights where the sky's cold, the land's hot
I don't want to know, so don't tell me
Demons whisper in my ears, they're from the dark side
Raise your flag girl, don't let it drop
Dark nights where the sky's cold the land's hotI feel the heat you give baby
I never want to say farewell, oh
Our passions will rise when the kingdom it fallsYou're my golden sun
Take my hand and rule the world
Across this desert girl
