

# Golden Sun

Fenech-Soler

All I ever see, we never get a break  
We've been working for days  
I feel the heat burning down my back  
Blood sweat and tears, will you testify to that? I feel the heat you give baby  
I never want to say farewell, oh  
Our passions will rise when the kingdom it falls Nothing lives for long, I'm shackled at the feet  
I've been working as your slave  
Try hold me down and you move and wake the beast  
I'm on top girl, as I never miss a beat I feel the heat you give baby  
I never want to say farewell, oh  
Our passions will rise when the kingdom it falls You're my golden sun  
Take my hand and rule the world  
Across this desert girl Giving all I've got, when there's nothing left to give  
I'll be fighting till the end  
Raise your flag girl, don't let it drop  
Dark nights where the sky's cold, the land's hot  
I don't want to know, so don't tell me  
Demons whisper in my ears, they're from the dark side  
Raise your flag girl, don't let it drop  
Dark nights where the sky's cold the land's hot I feel the heat you give baby  
I never want to say farewell, oh  
Our passions will rise when the kingdom it falls You're my golden sun  
Take my hand and rule the world  
Across this desert girl
