

# Monument

## Depeche Mode

When the site was found, we laid the foundations down  
It didn't take long before they came back tumbling down  
Don't build at night, you need a little light  
How else you gonna see what it's gonna be like? So we picked up our tools and we worked in the morning light  
With the last stone placed, wasn't it a wonderful sight?  
But it fell back down and scattered all around  
Anything passes when you need glasses My monument, it fell down  
My monument, it fell down  
My monument, it fell down  
My monument, it fell down Work all of my days for this kind of praise  
Work all of my days for this kind of praise, it fell down  
Work all of my days, it fell down  
Work all of my days, it fell down  
Work all of my days, it fell down
