Nowhere

Tank

Let my lips be your bar, yeah, come and take a sip
Let your hips be the car, girl, vallet over here
Let me in your private party, pop my bottle all on ya body
You can dance on the pole, it's a movie up in here for sho'
(Chorus)
So bring your body close to mine, this is the hottest spot tonight
So you can tell ya friends that you ain't going nowhere, nowhere, nowhere
They going out tonight but you ain't going nowhere, nowhere, nowhere
I make you wanna stay in the house, have a party here on the couch
Fuckin' w/ me you ain't gone wanna go nowhere, nowhere, nowhere
I know that brother blowin' up ya phone, tell em bout this new shit you on
Tell em how I got you in the zone, and you don't need nobody else
Cause girl I got these dollars for you, it's raining in the living room Ooo-Ooohhh
Kissed you on your shoulder, baby bend it over
W/ me and you the party's never over
(Chorus)
So bring your body close to mine, this is the hottest spot tonight
So you can tell ya friends that you ain't going nowhere, nowhere, nowhere
They going out tonight but you ain't going nowhere, nowhere, nowhere
I make you wanna stay in the house, have a party here on the couch

Fuckin' w/ me you ain't gone wanna go nowhere, nowhere, nowhere
(Busta Rhymes)
Ok, I ain't seen you in a while baby lemme get a hug
Reminisce on how I fit you perfect like surgical gloves
Every since you let me hit it and ya skin'll burn a rug or a rug'll burn ya skin
Mami you gone make me love the way you give it to a nigga
You will never play w/ that defenless even though I was relentless you would take it back
Hittin every corner pocket, shift a couple vital organs
Puttin each other to sleep and dream until tomorrow morning, haha
It's really good to feel you yes it is
Then we drink and start thinkin about all of the shit we did
And the things we still be doing, let?s take time and really own it
Let?s marinate all in it, let?s embellish in the moment
Shit be feelin? special, don?t it? ?specially when I?m left alone with you
Nothin? left to do, mami come and get up on it
See everything is feelin? right, that?s why we staying home tonight!
(Chorus)
So you can tell ya friends that you ain't going nowhere, nowhere, nowhere

They going out tonight but you ain't going nowhere, nowhere, nowhere
I make you wanna stay in the house, have a party here on the couch
Fuckin' w/ me you ain't gone wanna go nowhere, nowhere, nowhere
