New Coke

Piebald

Sometimes there are dragons in my head
I am in a room with giants
Put on your black dress
We'll go dance again
Step on each others toes
Hold each others breathWhen I touch your hand mine all mine all mine
Feels like summer again mine all mine all mine
When I touch your hair mine all mine all mine
Feels like summer mine all mine all mineI fell asleep with my clothes on
Dreamed that you were a part of my(chorus)
