Cast In Stone (Alive In Athens)

Iced Earth

Lying there beside me
With your head resting on my arm
Your body feels so warm
And your hair smells like a Sunday morningI feel you moving closer
And I know what you're gonna say
But girl there's just no way
I'll never like what you'll be sayingDon't tell me goodnight
It makes me feel so empty inside
And if only I could, I wouldn't sleep at all
Don't tell me goodnight
Just let me drift off slowly away and dream of youYou reach out and you touch me
Just to let me know you're there
And I can feel your hair
And somehow I don't feel like sleepingDon't tell me goodnight
It makes me feel so empty inside
And if only I could, I wouldn't sleep at all
Don't tell me goodnight
Just let me drift off slowly away and dream of youNo, don't tell me goodnight
Don't tell me, don't tell me goodnight
Don't tell me goodnight
Don't tell me goodnight
Don't tell me goodnight
