Mr Traumatik

Wow, feeling fucking tipsy, wheres all the dirty girls, lets get frisky.
Coulda been 18, coulda been 50, i take her to the hotel you dirty little gypsie.
This lemonade and whisky got me feeling fuckin tipsy, wheres all the dirty girls, lets get frisky. Coulda been 18, coulda been 50, i take her to the hotel you dirty little gypsie. well im a dirty bastard sit on me and wiggle, i tell her straight that i aint playing games and riddles, its fun and giggles till she struggles and she wriggles. lock the door grab the rope and tie her hands up in the middle. im biting on her nipple, giving her clitoris a tickle, she blowing on my whistle, im exploding like a missile. my leg is twitching, when she cums she likes to dribble. her fanny flaps are brittle, shes walking like a cripple. i covered her vagina with a massive gram of coke,now shes foaming at the fanny like an avalanche of snow, woah, before this my brain was so perverted, i keep on visualizing, make them woman squirtin, splash! her clit was massive and her nipples were inverted, im giving them tons of sex in repay for all their service. Traumatik im a male prostitute, im giving them sex in return for lots of loot. im a busy man i got a lot to do, im paying naked woman to drop their crotch and move, im trying lots of food, im a hustler with more passion, could've been Lucy, Annabel or Sharron, got that raw talent, wow, to make them orgasm. i make their legs twitch, make them squirt 4 gallons. she loves the war dragon, shes addicted to it. i left the pussy squirtin thats why im addicted to it. im given them tons of sex i leave her dripping fluid. we made a porno magazine and now im flicking through it. Clitoris im flicking through it, now she wants to blow me slow, you aint my juliet, bitch i aint your romeo. only phone her when im horny and im lonely though, but i stick my meat in her just like some ravioli though!
