Last Call To New York City

Elliot Minor

It looks like we've finally had enough,
Could handle this 'til now,
There's nothing better in this town.
Looking out that open window
The air's so cold
Does nothing good to me
The feeling's all alone

And I'll stay for a while
And I miss that fading smile
Cause lately I've been missing

I'll meet you in New York City
Forget that boy you're coming with me
Cause every night I have to say goodbye
Cause every night I have to say goodbye

And it doesn't matter if we got no money
We'll ditch this life that we've been living for so long
Now it's gone
Leave behind all we had for a life better where we belong

And I know that in your mind
That you'll leave everything behind
Cause lately I've been missing
and hoping for the best week

I'll meet you in New York City
Forget that boy you're coming with me
Cause every night I have to say goodbye
Cause every night I have to say
You'll be waiting there, you'll be waiting there tonight, tonight
Show me that you care, show me that you care tonight,
You'll be waiting there, you'll be waiting there tonight, tonight, tonight

And I know that in your mind
That you'll leave everything behind
Cause lately I've been missing
Hoping for the best week

I'll meet you in New York City
Forget that boy you're coming with me
Cause every night I have to say goodbye
Cause every night I have to say goodbye
