Far From Home

Rough Silk

Someday I'll find a way
tonight i found just shame someday - my life's delay
might break this spell of fametoday is like tomorrow
- tomorow's just like yesterdaythe tales below
and the skies of time's decay
someday may rule the show
and silent waves the baytoday is like tomorrow
- tomorrow's just like you andso i'm far from home
i'm miles away wherever i may roam
so i'm far from home
i'm miles away wherever i may roam
the waters flow
the wild winds blow
i walk the line an here i go
i'm far away from homesomeday - to run and hide
in the world outside to stay
someday may tame the light
only angels ride and straytoday is like tomorrow.....just one more word in spanish
"adios" i have to say
i follow trails and vanish
beyond the morning's grey
someday i'll find "together"
somewhere i'll find a trace
someone to stand the weather
and never fall from grace
someday like now or never
somewhen like joy and pain
somehow to last forever
against the streams and lost in vainand so i'm far from home.....
