

# Steady

## for KING & COUNTRY

VERSE 1 You're my true north when I'm headed south,  
my constant solid ground,  
you are my lantern in the night.  
I'm twisted up I'm shaken,  
you're the one I put my faith in,  
yeah, you're the reason I survive.

CHORUS You keep me steady when the sky is falling,  
I keep steady after you,  
I'll carry on when my strength is failing,  
take heart cause you're with me,  
so let the stars drop,  
whatever comes,  
I'll be ready,  
you keep me steady (2x)

VERSE 2 You're a river,  
you cover me,  
when the bombs fall you're the cavalry,  
yeah,  
somehow you're always standing right by my side,  
so no matter what I will be facing, I will not be overtaken,  
and you are the only reason why.

CHORUS BRIDGE You're my heart and grace,  
my home,  
and fear cannot invade these four walls,  
I need you near,  
I need you here

CHORUS ENDING 'Cause you keep me steady Yeah, you keep me steady You keep me steady  
(2x)
