

Ode to You

Advisory - the following lyrics contain explicit language:

[VERSE 1]

I done made mistakes
Made some wrong turns
Had some fuckups
Too many far as Im concerned
Maybe I've held on
When I shouldve let go
But when it comes to you
You help me get through
With you I never lose[CHORUS]

I owe it all to you
I owe it all to you
You

I owe it all
I owe it all to you
Its time for you
You

Its time for you[VERSE 2]

Babe I hope you feel the same
Cause Im giving all of me, yeah
I'd take all I have
And bet it all on you baby, yeah
Youre the only constant truth

In a world full of lies
I wished for you baby
Oh I wish for you baby
Cause when I was knocked down
Oh you picked me up
Oh aint nobody like you

Thats why I fucks with you baby[CHORUS]

I owe it all to you
I owe it all to you

You
I owe it all
I owe it all to you
Its time for you
You
Its time for you If you feel me, put your hands in the air
And say aha oh yeah [CHORUS]
I owe it all to you
I owe it all to you
You
I owe it all
I owe it all to you
Its time for you
You
Its time for you
