Passing By

Beatbox Guitar

I don't think you love me
Confusion settling in
I don't think I'll be staying
Around here, anymore

There's no question that I love you
But I'm living in my own time
And here I am debating
Whether I'm wrong, or right

Who am I
To make a judgement of
Your life
I'm only
Passing by
Passing by

All the promises I gave you
Helped me to survive
And all the times I wished you'd save me
You were the love of my life

Who am I
To make a judgement of
Your life
I'm only
Passing by
Passing by

Who am I
To make a judgement of
Your life
I'm only
Passing by
Passing by

Who am I
To make a judgement of
Your life
I'm only

Passing by
Passing by

I'm only passing by ...
