

Drinkin' with Me

[Jon Pardi](#)

Does anybody wanna go out drinkin' with me
I've been workin' like a dog and lord knows it's been a long ass week
I might blow my top if I can't go blow off some steam
Does anybody wanna go, go, go, go, go, go drinkin' with me

Does anybody wanna go tear up this town
Yeah why stay home and be all alone when she ain't around
I'm gonna raise my glass until I can't, I'm finally free
Does anybody wanna go, go, go, go, go, go drinkin' with me

Come by and pick me up
No I ain't gonna drive my truck
But man you're in luck, the first rounds on me

Does anybody wanna make some history
Leave a trail of broken hearts, empty bottles and debauchery
Don't know about you but I sure could use some company
Does anybody wanna go, go, go, go, go, go drinkin' with me

Start that open tab
Slap me on the back
Yeah one more shot boys
The third rounds on me
The fourth rounds on me
The fifth rounds on me

Does anybody wanna go out drinkin' with me
I've been workin' like a dog and lord knows it's been a long ass week
I might blow my top if I can't go blow off some steam
Does anybody wanna go, go, go, go, go, go drinkin' with me
Does anybody wanna go, go, go, go, go, go drinkin' with me
Does anybody wanna go drinkin' with me
