Always in Love

Graham Colton

A memory in every room
Iâ€™m always in love with you
Another dream I wake up to and find out is never true
The middle of the afternoon
Iâ€™m always in love with you
I knew it the second I met you

Iâ€™m always in love with you
Iâ€™m always in love with you
Iâ€™m always in love with you
Iâ€™m always in love

The middle of the afternoon
Iâ€™m always in love with you
Anything you want me to you know that I will
I know time will tell
Thereâ€™s no one itâ€™s just you still
I donâ€™t want to wake you but Iâ€™m going to
I just wanna talk to you

Iâ€™m always in love with you
Iâ€™m always in love with you
Iâ€™m always in love with you
Iâ€™m always in love

The middle of the afternoon
Even when you say itâ€™s through
I donâ€™t need a reason toâ€¦

Iâ€™m always in love with you
Iâ€™m always in love with you
Iâ€™m always in love with you
Iâ€™m always in love with you
