Up N' Down

Britney Spears

Down n' up and down n' up and
Down n' up and down
Down n' up and down n' up and
Down n' up and down
I got all tricked out and I came up to this thing
Lookin' so fire hot, a twenty out of ten
I saw you watchin' me, watching you on the floor
Hittin' me up like, what you waiting for?
It's alright to say you want it
Get inside my dirty mind
Burns like ice, the way I bring it again
And again and again all night
The beat just dropped and the room got sexy
You're watchin' me like there's no one else around
I know you want me like kids want candy
So keep watchin' me go down n' up and down
Down n' up and down n' up and
Down n' up and down
Down n' up and down n' up and
Down n' up and down
All of them girls you're with will probably hate me
But I don't care because I know it's jealousy
They see me on your lap, they think I'll give it up
But I ain't easy, just not afraid to crush
It's alright to say you want it
Get inside my dirty mind
Burns like ice, the way I bring it again
And again and again all night
The beat just dropped and the room got sexy
You're watchin' me like there's no one else around

I know you want me like kids want candy
So keep watchin' me go down n' up and down
Down n' up and, down n' up and
Down n' up and down
Down n' up and down n' up and
Down n' up and down
(Down n' up and down)
Down n' up and, down n' up and

Down n' up and down
Down n' up and down n' up and
Down n' up and down
I can almost feel my lace
Slippin' off 'cause of the bass
I can tell that's what you're trippin' on
Tripping on, trip, t-t-tripping on
I can almost feel my lace
Slippin' off 'cause of the bass
I can tell that's what you're trippin' on
Tripping on, trip, t-t-tripping on
The beat just dropped and the room got sexy
You're watchin' me like there's no one else around
I know you want me like kids want candy
So keep watchin' me go down n' up and down
(Down n' up and down)
The beat just dropped and the room got sexy
You're watchin' me like there's no one else around
I know you want me like kids want candy
So keep watchin' me go down n' up and down
(Down n' up and down)
