

Plastic Surgery

The Jude

Baby says she knows
Baby said she needs me
Baby said she wants
Another loverBaby wants to know
Baby wants to know
Wants me to show
Why I really need her
I've got a lot to learnSummer was the time
Summer was the time
I rode the line
Supposed to make me betterDon't blow your mind
Don't blow your mind
Now's not the time
It wouldn't be pretty
She's got a way that I likeI gotta wonder
I don't have an answer
A malleable addiction
A cyclonite affliction yeah!I wanna know
I don't wanna bother
Do I really care
Do I want another
She's got a style all her ownBaby says she wants
Baby says she wants
Baby says she needs
A brand new bodyI know she got
I know she got
I know I've got
An aesthetic reason
She makes my lie to myselfChorusI wanna love her
I wanna love her
I wanna love her yeah
