

I Hope This Comes Back to Haunt You

Neck Deep

I sat inside with a heavy heart,
Just wish you would think of me.
Are you listening?
Ran 'round in circles 'til after dark,
Didn't get very far,
Was it meant to be?
I never thought it would be this hard,
It feels like you walked through me.
I hope this comes back to haunt you.
I hope this comes back to haunt you. Then maybe you would know just how it felt to be like me at my lowest.
As you led me out the door you tore me open,
My final words were left unspoken. Told myself that this would be the last time you kept me awake.
Someday you'll see that it's too little too late.
I wasn't good enough for you, and then you just stopped trying.
What can I say? I hope this comes back to haunt you,
I hope this comes back to haunt you,
I hope this comes back to haunt you. Told myself that this would be the last time you kept me awake.
Someday you'll see, then you'll be stuck in this place.
I wasn't good enough for you, and then you just stopped trying.
What can I say? And everyday that's passing is surely mine to seize.
Did every wave that crashed in leave you washed up at her feet? Wake up, the world seems bright out today.
Life goes on, and things they change.
Hands up if you've been left bruised and broken,
Say, "I'll be okay, I'll be okay." Wake up, the world seems bright out today.
Life goes on, and things they change.
Hands up if you've been left bruised and broken,
Say, "I'll be okay, I'll be okay." Wake up, the world seems bright out today.
Life goes on, and things they change.
Hands up if you've been left bruised and broken,
Say, "I'll be okay, I'll be okay."
