

Let It Breathe

Hootie & The Blowfish

Could we do it again
If he asked how it felt
And I didnt say this time You tried to scare me
With empty thoughts
That means not a thing
Cause Im down behind you Could we swing it again
If I changed how he looked
And turned to the right to bend You live with somethin'
That I cant explain
But your face cracks a smile
When you see it shinin' You feel thing's in your own way
And Im supposed to lay down
And bow to you, yeah Im tired of bailin' hay
For somethin' that I cant see
I dont want to be you
You don't want to be me
Just let it breathe If the moon goes up tomorrow
And Im down on a farm
And you dont believe
Whose writin' with me Keep your hands to yourself
Keep your mind to yourself
Keep your breath to yourself
Let me float on by you You see thing's in your own way
And Im supposed to lay down
And bow to you, oh Im tired of bailin' hay
For somethin' that I cant see
You dont want to be me
I dont want to be you Its so very necessary
Its so delectable to see a stone
Well, its so impossible to find a reason
When youre standin' there
Watchin' me now Could we live it again
If we dressed just the same
And held on to lovers when
We couldnt really live with anyone
See mostly ourselves so just go on lyin' You feel thing's in your own way
And Im supposed to lay down
And bow to you, oh Im tired of bailin' hay
For someone that I cant see

I dont want to be you
You dont want to be me
Just let it breathe, let it breathe
