

# House of Leaves

## Earthtone9

some will never fade  
indelible mark is made  
those who wield the brightest flame  
bring change  
some marks are lighter  
some courses are longer  
some marks are lighter  
some courses are longer  
everyone will change  
the remaining smoke ashes  
the effort to remember  
enslaves  
some marks are lighter  
some courses are longer  
some marks are lighter  
some courses are longer  
but the autumn will still come  
the leaves always fall  
some will never fade  
indelible mark is made  
those who wield the brightest flame  
bring change  
some marks are lighter  
some courses are longer  
some marks are lighter  
some courses are longer  
but the autumn will still come  
the leaves always fall
