Quote Unquote

Ben Vaughn

She said quote unquote I love you
She said quote unquote I do
She said quote unquote I want you
And I never loved nobody but you

She said quote unquote Iâ€™m lonely
She said quote unquote Iâ€™m blue
She said quote unquote I miss you
And I never loved nobody but you

When she spoke those words it sounded so good
I believed every single little thing she said
Now sheâ€™s packing her bags and goinâ€™ away
And tellinâ€™ me now it was all in my head

She said quote unquote till the end of time
Quote unquote I do - I do
She said quote unquote till the seas run dry
I never loved nobody but you

When she spoke those words it sounded so good
I believed every single little thing she said
Now sheâ€™s packinâ€™ her bags and goinâ€™ away
And tellinâ€™ me now it was all in my head

She said quote unquote I love you
She said quote unquote I do - I do
She said quote unquote I want you
And I never loved nobody but you
She said I never loved nobody but you

She said quote unquote
She said quote unquote
She said quote unquote
She said quote unquote
