

# The Jones

## Akua Naru feat. Mic Donet

Let's go sell the radio.  
Let's go sell the new t.v.  
Let's go sell the stereo  
Get enough for you and me.  
You gotta jones so heavy when it hits this hard,  
it's like a baseball bat to the head.  
It's a never ending race.  
Why don't we keep our own pace.  
Maybe someday I'll get through to you.  
Keepin' up with the Jones'.  
Keep it up till the day you die,  
you can go ahead and try.  
Keepin' up with the Jones'.  
You never get enough cause it's all you ever do.  
Why don't you let the Jones' keep up with you.  
Let's go steal the VCR.  
Let's go steal a brand new car.  
Let's go steal the satellite.  
Let's all go get high tonight.  
We got little black cases that we hide in places,  
that they never seem to find 'till we're dead.  
It's a never ending race.  
Why don't we keep our own pace.  
Maybe someday I'll get through to you.  
  
Keepin' up with the Jones'.  
Keep it up till the day you die,  
you can go ahead and try.  
Keepin' up with the Jones'.  
Never get enough cause it's all you ever do.  
Why don't you let the Jones' keep up with you.  
Youuuuuuu. Yeah, Yeah  
It's a never ending race.  
Why don't you keep your own pace.  
Maybe someday I'll get through to you.  
Keepin' up with the Jones'  
Keep it till the day you die.  
You can go ahead and try.  
Keepin' up with the Jones'.

Never get enough cause it's all you ever do.  
Why don't you let the Jones' keep up with you.  
Keep it up till the day you die.  
You can go ahead and try.  
Keepin' up with the Jones'.  
Never get enough cause it's all you ever do.  
Why don't you let the Jones' keep up with you.
