## Tristen

I only want to be the woman you desire  
And that's the kind of man that you should be  
Why we go?  
You'd never know  
The secret's in the deep, blue sea I only want to give you what you want, my love  
And that's the kind of love that you should be  
Why we go?  
You'd never know  
The secret's in the heart of the free  
I only want to feel this way again, my love  
And that's the kind of love that you should be  
Why we go?  
You'd never know  
The secret's in a deep, deep sleep Startling news
