It's Only Right

Fredo Santana

It's only right
It's only right
It's only right
It's only right
That I pull up with your bitches
It's only right
That I move fucking bricks
It's only right
Got all these bitches on my dick
It's only right
That I move my wrist and work
It's only right
It's only right
It's only right
It's only right
That I flex with all this business
It's only right
I'm the motherfucking man
It's only right
It's only right
It's only right
It's only right
I had a threesome off them xans
Don't know them hoes' names
But I just know who they is
It's only right
That I stack all this cash
Right before your eyes
Tell the judge it's my gas
It's only right
That I turn up on you niggas
And I turn up on your bitches
Give a fuck about your feelings
It's only right
That I keep my circle closed
And stay away from fuck niggas
I can't trust a soul
It's only right
That I keep my gun on me

RIP the guys
Man, I miss J Money
It's only right
It's only right
It's only right
It's only right
It's only right
That I pull up with your bitches
It's only right
That I move fucking bricks
It's only right
Got all these bitches on my dick
It's only right
That I move my wrist and work
It's only right
It's only right
It's only right
It's only right
That I flex with all this business
It's only right
I'm the motherfucking man
It's only right
It's only right
It's only right
It's only right
It's only right
That me and my niggas stay loyal
It's only right
If you want on the streets get a lawyer
Bitches ain't shit
I put my niggas way before them
Call that hoe your wife
But she over if I phone her
It's only right
It's only right
I ride my niggas
Right or wrong
It's only right
It's only right
I got like two or three holmes
And 25 foes and 89 hoes
And when I'm in Miami
I be cooling with the zone
It's only right
That I stay a real nigga

It's only right
That I keep my pistol
It's only right
That I handle my business
It's only right
It's only right
It's only right
It's only right
It's only right
It's only right
It's only right
That I pull up with your bitches
It's only right
That I move fucking bricks
It's only right
Got all these bitches on my dick
It's only right
That I move my wrist and work
It's only right
It's only right
It's only right
It's only right
That I flex with all this business
It's only right
I'm the motherfucking man
It's only right
It's only right
It's only right
It's only right
