change yr mind

LCD Soundsystem

I ain't seen anyone for days
I still have yet to leave the bed
It's impossible
Feeling safe with it now
I'm impossible
Getting used to it nowI've just got nothing left to say
I'm in no place to get it right
And I'm not dangerous now
The way I used to be once
I'm just too old for it now
At least that seems to be true
I have a penny for your thoughts
If you could keep them to yourself
About you slipping away
I feel you slipping away
Don't want to hear it all now
Of how I'm slipping awayI can't make you a promise
We're not professionals
But if we don't like what it feels like
And if we don't
Don't like where it's been
It could be over if you change your mind
If you change your mind
If you change your mind
If you change your mind
If you change your mind
If you change your mind
You can change your mind
You can change your mind
