

# Radar

**John SaFranko**

Well here she comes again  
She's a-lookin' for me  
Better make my move  
Better head out to the high seas  
If she get's me in her sights  
I'll be workin' all day  
No time to take a snooze  
Or watch the football gameShe got the radar workin'  
Workin' overtime  
She got the radar workin'  
Torpedoes at 12 o'clock highWell I can't go to Vegas  
And I can't go to town  
But could I maybe go to Freddie's  
You know to lay down  
But, it's a-maybe do this  
And it's a-maybe do that  
Uh by time I get to doin'  
You know she's breakin' my backShe go the radar workin'  
Workin' overtime  
She got the radar workin'  
Topedoes at 12 o'clock highI'm just mindin' my own business  
Don't mean nobody no harm  
Ah but here she comes again now  
Ta-twista-twisin' my armOh Oh there's a chickenmunkShe got the radar workin'  
Workin' overtime  
She got the radar workin'  
Topedoes at 12 o'clock high
