## **Secrets**

## **Good Charlotte**

In the dark, In the darkness you will find
Dirty little secrets we all hide
'Cause we all have a darker side

A place we keep where no one else will find'Cause everybody wants to hide their secrets away Nobody wants to stand up to the painBut I will stand up to the pain

Wake up and fight again

If you could dance with me through this rain

And we will fight, we'll fight again, fight againIn the back, in the closets of your mind

That's where skeletons and dirty secrets hide

And I'll rip out my insides

And leave them on display for you tonight'Cause everybody wants to hide their secrets away Nobody wants to stand up to the painBut I will stand up to the pain

Wake up and fight again

If you could dance with me through this rain

We will fight, we'll fight again, fight again

Fight againAll my life I hide my secrets away

In the dark, in the dark, in the dark

We all try to hide our secrets away

In the dark, in the dark in the dark Stand up to the pain

Wake up and fight again

If you could dance with me through this rain

We will fight, we'll fight again, fight again

Fight again'Cause everybody wants to hide their secrets away

And that's okay

Nobody wants to stand up to the pain

And fight again
