

# Dear God 2.0

## The Roots

Dear God, I'm trying hard to reach you  
Dear God, I see your face in all I do  
Sometimes it's so hard to believe it  
But God, I know you have your reasons They said, "He's busy hold the line, please"  
Call me crazy, I thought maybe he could mind read  
Who does the blind lead? Show me a sign, please  
If everything is made in China, are we Chinese? And why do haters separate us like we Siamese?  
Technology turning the planet into zombies  
Everybody all in everybody's dirty laundry  
Acid rain, earthquakes, hurricane, tsunamis Terrorist, crime spree, assaults and robberies  
Cops yelling stop, freeze, shoot him before he try to leave  
Air quality so foul, I gotta try to breathe  
Endangered species and we running out of trees If I could hold the world in the palm of these  
Hands, I would probably do away with these anomalies  
Everybody checking for the new award nominee  
Wars and atrocities, look at all the poverty Ignoring the prophecies  
More beef than broccoli  
Corporate monopoly  
Weak world economy Stock market toppling  
Mad marijuana  
Oxycontin and Klonopin  
Everybody out of it Well, I've been thinking about  
And I've been breaking it down  
Without an answer I know I'm thinking out loud  
But if you're lost and around  
Why do we suffer?  
Why do we suffer? Yeah, it's still me, one of your biggest fans  
I get off work, right back to work again  
I probably need to go ahead and have my head exam  
Look at how they got me on the Def Jam payment plan Well, I'm in the world of entertainment and  
Trying to keep a singing man sane for the paying fans  
If I don't make it through the night, slight change of plans  
Harp strings, angel wings and praying hands Lord, forgive me for my shortcomings  
For going on tour and ignoring the court summons  
All I'm trying to do is live life to the fullest  
They sent my daddy to you in a barrage of bullets Why is the world ugly when you made it in your image?  
And why is living life such a fight to the finish?  
For this high percentage when the sky's the limit  
A second is a minute, every hour's infinite Dear God, I'm trying hard to reach you

Dear God, I see your face in all I do  
Sometimes, it's so hard to believe it
