Sandwiches

Mitch Hedberg

I know you wanna do it
You know I wanna do it too
Out here on the dance floor
We can make sandwiches

You can be the bun
And I can be the burger girl
I know you wanna do it
We can make sandwiches

So make your thighs like butter
Easy to spread
Out here on the dance floor
You know that we can do it

Yeah we can make sandwiches

I know you wanna do it
You know I wanna do it too
Out here on the dance floor
We can make sandwiches

You can be the bun
And I can be the burger girl
I know you wanna do it
We can make sandwiches

So make your thighs like butter
Easy to spread
Out here on the dance floor
You know that we can do it

Yeah we can make sandwiches
