

Dance With You

LIVE

Advisory - the following lyrics contain explicit language:

Sitting on the beach
The Island King of Love
Deep in Fijian Seas
Deep in some blissful dream Where the Goddess finally sleeps
In the lap of her lover
Subdued in all her rage
And I'm aglow with a taste Of the demons driven out
And happily replaced
With the presence of real love
The only one who saves I wanna dance with you
I see a world where people live and die with grace
The Karmic Ocean dried up, leave no change
I wanna dance with you
I see a sky full of the stars that change our mind
Lead us back to a world we would not face The stillness in your eyes
Convinces me that I
I don't know a thing
And I've been around the world And I, I've tasted all the wines
A half a billion times
Came sickened to your shores
You show me what this life is for I wanna dance with you
I see a world where people live and die with grace
The Karmic Ocean dried up and leave no trace
I wanna dance with you
I see a sky full of the stars that change our mind
And lead us back to a world we would not face In this altered state
Full of so much pain and rage
You know we got to find a way
To let it go Sitting on the beach
The Island King of Love
Deep in Fijian Seas
Deep in the heart of it all Where the Goddess finally sleeps

After eons of war and lifetimes
She's smiling and free, nothing left
But a cracking voice and a song, oh lord I wanna dance with you
I see a world where people live and die with grace
The Karmic Ocean dried up and leave no trace
I wanna dance with you
I see a sky full of the stars that change our mind
Lead us back to a world we would not face We would not face
We would not face
We would not face
